LIFESTYLE-INSPIRED KOREAN SKINCARE

A brand by YENAAN · REVITAL · REVIVE · FOR HOMME

ABOUT M'AAILE

Lifestyle-inspired Korean skincare.

m'Aaile is ampoule-based daily skincare, built around PDRN and CICA for a comfortable, considered routine.

Developed and produced in Korea, m'Aaile spans three lines — REVITAL, REVIVE and FOR HOMME — prepared for distributors and partners abroad. m'Aaile is a brand of YENAAN, a Korean skincare brand house.

THE BRAND

m'Aaile

Lifestyle-inspired Korean skincare, developed and produced in Korea.

m'Aaile is organized around ampoule-format skincare, formulated with ingredients such as PDRN, Centella (CICA), hyaluronic acid, and EGF. The line runs from toner and lotion through essence and ampoule, presented with a clean, considered finish.

KEY INGREDIENTS

Formulated around signature actives.

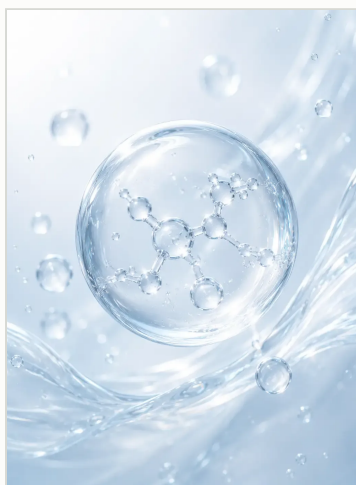

PDRN

Derived from **salmon DNA**, PDRN is widely used in Korean skincare. Across m'Aaile skincare it is paired with **CICA** for daily **revitalizing care** and a comfortable finish.

CICA

Centella asiatica — known in Korea as **CICA** — carries plant components such as madecassoside. It runs through the m'Aaile line for a calm, **soothing** daily routine.

HYALURONIC ACID

A **hydration**-focused ingredient central to the **REVIVE** line, formulated for a plump, moisturized skin feel in daily **moisture-focused care**.

EGF

A skincare ingredient used in the **REVIVE** line, paired with **hyaluronic acid** for concentrated **moisture-focused care**.
